

RARE WINES AUCTION

Beneficial evening to support organizations,
which take care of people with mental disability

16th October 2014, 18:00
Sokolovňa pub Trenčín

Dear donors, friends and supporters of our foundation,

the invitation to the beneficial evening was published already in August. We would like to keep its form similar to 2013, but we decided that the evening program should be complemented by a nice surprise. It is not going to be a novelty for long-term friends of the foundation, since they could attend the handing over of the foundations award of Donor of the Year already in 2005. The award, however, has its current form since 2008 thanks to its author.

/// Every help is like a drop of dew. Cannot save the world on its own, but together with other ones allows grass, flowers and trees to grow. The dew was chosen by the Trenčín Foundation as a symbol of the work of community foundation. Thus the grass-blades appear in a **glass sculpture, which was designed by the artist Jozef Vydrnák** and produced by RONA Lednické Rovne.

/// RARE WINES AUCTION

The Rare Wines Auction will be lead by renowned oenologist, international taster and member of European Wine Knighthood **Ing. Edita Ďurčová, AIWS**. As a part of the evening, there will be a degustation of quality Slovak wines that scored in world competitions.

/// RECEPTION

Reception will be assured by the **students of Hotel Academy in Trenčín**, which is one of the subject fields of Professional High School of Business and Services in Trenčín, the future hoteliers with the skills of sommeliers.
